LinX Networks Limited is committed to protecting your privacy online. Our privacy policy explains how we do this.

## **What information do we collect?**

- Registration: on some parts of the site we ask you to register, and if you do we ask for your name, email address, geographical address and other personal information
- From time to time we may ask you for further information
- We may also use cookies

## **Use of Cookies**

Cookies are small files which many web sites transfer to your hard disk. They can inform the web site what pages you visit, and your preferences, which enable web sites to provide you with a more personalized service. You can set your browser to refuse cookies, or to warn you before accepting them. No additional information can be gathered from your computer by using cookies.

We use cookies, but the vast majority of our site can be accessed with them disabled. Areas where cookies are required for security reasons include the billing area login and panels. These cookies are removed after you have logged out.

## **Credit and Debit Card Information**

When you pay for one of our services directly by Credit or Debit card, your card information is sent via SSL using 256bit encryption. It is not stored anywhere on our site or databases.

## **How do we use your information?**

We use the information to help us understand more about how our web site is used, to improve our site, and to send you information about us and our products which we think may be of interest to you, either electronically or otherwise.

Unless you have informed us that you do not wish to receive further information about our products and those of our affiliates and partners, we and they may send you direct mail.

## **When do we share information?**

We do not sell your personal information to anyone, ever.

We share your information with our associated companies, and partners including XippY clan sites, on a strictly need to know basis. (i.e. if you sign up to one of their services through us.)

Some of our 'add on' products are hosted by third parties, such as XippY clan sites. We have contracts in place to ensure that your data is always secure.

If we believe that your use of the site is unlawful or damaging to others, we reserve the right to disclose the information we have obtained through the site about you to the extent that it is reasonably necessary in our opinion to prevent, remedy or take action in relation to such conduct.
